

## GOODBYE CANCER

*Dear Rodney (Mr. Stockton):*

*I thank you so much for your cooperation and understanding. We both thank you for giving Clifford back his life. This sounds rather flippant for such an amazing, enormous part of history.*

*Good Bless You!*

*Most sincerely,  
Phebe Larsen*

**BRAIN SCAN - MALIGNANT CANCER**

**BRAIN SCAN – MALIGNANT CANCER GONE**

***PICTURE***

***PICTURE***

**BEFORE**

**March 10, 1992**

**Malignant Melanoma**

**AFTER**

**November 12, 1992**

**Melanoma disappeared after ingesting the  
ALOE #1 GENUINE ALOE VERA GEL**

**TWELVE YEARS LATER...THE CANCER NEVER RETURNED**

The above letter refers to a gentleman, 68 years old, where his cancer, Malignant Melanoma ended up on both sides of his brain and was inoperable; the Doctors could do no more for him. His life span was three weeks. The Doctors reportedly stated there was no way to reduce these tumors in his brain. However, 60 days after consuming the GENUINE ALOE VERA HEALTH DRINK, CAT scans revealed that the tumors on both sides of the brain had reduced dramatically, by better than 50%. Later CAT scans revealed them all gone. The gentleman is in good health today!

**MEDICCAL HISTORY OF CLIFFORD LARSEN  
TERMINALLY ILL WITH MELANOMA & LYMPHOMA**

Dr. Alfred Ketchum M.D.  
Dr. Frederick Moffat, M.D.  
Jackson Memorial Hospital

Miami, Florida  
May 1980 – December 1995

5/1980 Level III Melanoma removal from chest  
6/1980 Clark's Level IV Melanoma of the left chest wall, wide excision of Melanoma, left axillary node Lymphadenectomy  
2/1982 Basal Cell Carcinoma, Hand and Chest  
6/1985 Melanoma removed from left flank and left scapular region  
3/1986 Three Basal Cell Carcinomas excised  
5/1986 Basal Cell Carcinoma excised  
5/1986-2/1992 Multiple Basal Cell Carcinomas removed or frozen by dermatologist Metastatic Melanoma Thoracotomy, half of left lung removed by Richard Thurer, Humana Hospital, Pembroke Pines, Florida  
1/1992 Right Adrenal Gland and Gall Bladder removed – Melanoma  
3/1992 Left tonsil removed – Melanoma  
3/1992 Brain CT scan revealed multiple brain tumors with surrounding Edema. Masses seen in the left temporal lobe, left occipital lobe and in the parietal lobes. Also, a small mass in the left frontal lobe. The largest masses are in the left temporal lobe (measuring about 4 cm.) There is a considerable amount of Edema around both these masses as well as in the two masses over the left convexity.  
3/1992 Given steroids for Edema and radiation to slow tumor growth  
3/1992 Doctors give three months to live  
3/25/1992 Began drinking GENUINE ALOE VERA GEL HEALTH DRINK  
5/6/1992 Brain CT scan shows decrease in size of lesions and in the degree of surrounding Edema  
8/14/1992 Brain CT scan shows significant internal reduction in the overall size of several of the metastatic lesions  
12/12/1992 Brain CT scans show the two remaining areas of Metastasis improving  
1/28/1993 Brain scans show further improving of lesions, no new lesions  
1/1993-11/1995 Clifford continues to get stronger. Now exercises, weighs 200 lbs. No New Basal Cell Carcinomas or Melanomas have appeared since starting to drink the GENUINE ALOE VERA GEL HEALTH DRINK in March of 1992.

We have 40 CT Scans, plus complete medical records to show how the CANCER in his body was reversed.

Today Clifford lives a normal life and is in very good health.
