

**Use of the Genuine Aloe Vera Gel,  
Barbadensis-Miller-Stockton Specie  
as a Health Drink**

Thank you for your interest in ALOE #1 GENUINE ALOE VERA GEL HEALTH DRINK as a Health drink. I am the scientist who has researched and studied the GENUINE ALOE VERA PLANT since 1953, and started the revolution on the use of the crystal clear ALOE VERA GEL in a line of medications, sun skin care products and cosmetics.

As Founder and President of ALOE CRÈME LABORATORIES, INC. for 23 years, I initiated the extensive research entitled 'EXPERIMENTAL THERMAL BURNS' published in the medical journal "INDUSTRIAL MEDICINE AND SURGERY". This RESEARCH, I personally presented to the FDA, the Dr. Barbara Moulton group of eight doctors, in Washington, DC witnessed by the two doctors who were responsible for the RESEARCH PROJECT.
